QUALITY AND RESPONSIVENESS

We understand the importance of maintaining accuracy in your laboratory research. PurityPlus is committed to providing high quality products with excellent local service.

LABORATORY AND RESEARCH GASES

We understand the importance of maintaining accuracy of the products used in your laboratory research. Our skilled experts are well-equipped to advise you on the best specialty gas at the right level of purity customized for your specific application, along with the optimal advanced specialty gas equipment to ensure safety, accuracy, and productivity for you and your business.

PEACE OF MIND

PurityPlus offers our customers peace of mind. We provide timely deliveries, local customer service and certified quality. We have the technical knowledge and experience to keep you focused on what's important to you.

PURITYPLUS. THERE WHEN YOU NEED IT.

We are a group of hand picked independent specialty gas companies. Our locally owned partners provide unparalleled customer service and distribution efficiency, giving local communities responsiveness and reliability that the big companies can't match.

We also offer an array of specialty gas regulators, manifolds, and other related equipment in order to guarantee that customers get the most out of their PurityPlus gases while never compromising safety, capability, or efficiency.
